A seminar on 'Application of 3D Max and Revit Architecture in Civil Engineering'

- **Organizing Department: Civil Engineering Department**
- **Name of Activity:** Addon courser on application of 3D max and Revit Architecture in CivilEngineering
- **Name of Coordinator: Prof. M. M. More**
- **Name of Resource Person: Mr. Shinde Sir, Kolhapur.**
- **Date of Activity :**23rd August, 2018
- **Participants:** T.E. and B.E. Civil Students
- **Details of Activity:** Shinde sir explained that 3ds Max is a 3D modeling, animation, and rendering software built and developed for games and design visualization. The program is included in the collection of media and entertainment software products offered by Autodesk. It is also a part of Autodesk's architecture, engineering, and construction collection, and one of the tools in product design and manufacturing collection. 3ds Max is used by visual effects artists and professionals in film and TV industries and by game developers and designers for the creation of virtual reality games. The software is also very useful for building design, infrastructure, and construction, as well as, for product development and manufacturing planning. Vote of thanks was given by Prof.M. M. More Sir.
- **Outcome :** Students soft skills, analytical skills will be improved
