## BHARATI VIDYAPEETH'S COLLEGE OF ENGINEERING, KOLHAPUR

- **Organizing Department** : Computer Science & Engineering
- **Name of Activity** : Donation at AVANI Sanstha Kolhapur
- **Date of Activity** : 10/01/2022
- **No. of Participants** : 30
- **Details of Activity** :

A Visit of SY, TY and BE Students of computer science & Engineering Department was organized at Avani Sanstha Orphanages for Children, Kolhapur on 10/01/2022. This visit was for contribution to a social work carried out for children by Avani Sanstha. Students of our college collected essential items required in our day-to-day life along with a few toys for these children. All things collected by students were donated to this sanstha. Organizing such activities will be helpful to inculcate a habit of contribution to society in our students.

- **Outcome of Activity** :

1. To develop emotional intelligence

Social events develop social skills and empathy—the outward-oriented dimensions of emotional intelligence (EQ). The interactions or conversations elicited by events helps students build relationships, understand different perspectives and engage other cultures. Social events provide an opportunity to expand one's social circle.

2. To take a break

All work with no breaks diminishes productivity. It's good to take one's mind off the troubles of exams or reports from time to time—something that participating in events can provide. Whether it's by watching a movie or volunteering for a fundraiser, a “study break” lets students recuperate by focusing on activities that exercise other creative, mental muscles.

3. To build relationships

Participating in on-campus social events enables students to meet people who share common interests and individuals who can help them academically, or even professionally.

- **Name of Activity :** Arrangement of Parking Discipline at Institute
- **Date of Activity :** 2<sup>nd</sup> -3<sup>rd</sup> Aug 2021
- **No. of Participants :** 82 (students, faculty and staff members)
- **Details of Activity :** Being a well-developed country one of the most common problems today in India is a saturation of parking spaces. Vehicles continue to outnumber existing parking spaces thus clogging roads. Incidences of violence over occupancy deformed cars due to a space crunch and overcharging for parking are some problems that result.. However, the better solution to the problems mentioned above is to follow and maintain rules of parking discipline. In day-to-day life we come across many situations related to parking problems which can be avoided if individually we follow the simple rules of parking discipline. With respect to this NSS unit of BVCOEK arranged Parking Discipline program in college campus with help of NSS unit of BVCOEK. In college campus also parking discipline is followed in order to inculcate habit of following rules in younger generation. Different parking slots are allocated for student parking Staff parking & Principal parking.
- **Outcome of Activity:** Arranging such activity can develop good habits in younger generation which may help to become a good citizen.
