BHARATI VIDYAPEETH'S COLLEGE OF ENGINEERING, KOLHAPUR

- **Organizing Department: Computer Science and Engineering Department**
 - **Name of Activity: Gender-equality and safety**
 - **Name of Coordinator: -Mr. V. D. Chougule**
 - **Date of Activity: 16/03/2021**
 - **Participants: All Students (SY B.Tech , TY B.Tech, Final Year B.Tech)**
 - **Details of Activity:** Computer Science and Engineering Department has organized a Gender-equality and safety program for all SY B.Tech, TYB.Tech and Final year B.Tech students. Chief guest was Adv. Dr. Mangala Patil-Badadare shared their experiences and solutions regarding girl's problems. Also she has given valuable guidance to our students about student's character and his behavior in social life. When this state is achieved where all individuals are considered to be equal irrespective of their caste, gender, colour, profession, and status, we call it equality. Equality can also be defined as the situation where every individual has the same rights and equal opportunity to grow and prosper. Gender equality can only be achieved when both male and female individuals are treated similarly. But discrimination is a social menace that creates division. We stop being together and stand together to tackle our problems. This social stigma has been creeping into the underbelly of all of society for many centuries. This has also been witnessed in gender-based cases. Gender inequality is the thing of the past as both men and women are creating history in all segments together.
 - **Outcome of Activity:** Once all these menaces will be eradicated, every family will understand the value of a woman and our country will achieve gender equality in a real sense. Women are creating examples everywhere and we all should highlight them to change the scenario and give them equal rights. In the end, the performance of India in the Olympics 2021 is the current example where India has won seven medals. Out of those seven medals, six came in individual events and out of those six medals, female athletes won three. It shows that even after facing such hardship, their performance is at par with male athletes. With so much potential, it is only a matter of time when women will overtake men and have all their abilities on display

for the world to see!

- **Name of Coordinator: -Mrs. S. M. Mulla**
- **Date of Activity: 24/11/20**
- **Participants: All Students (SY B.Tech , TY B.Tech, Final Year B.Tech)**
- **Details of Activity:** Computer Science and Engineering Departmenta Gender-equality and safety program for all SY B.Tech, TYB.Tech and Final year B.Tech students. Chief guest was Mrs. Sadhana Zadbuke shared their experiences and solutions regarding problems of girls in day to day life. Also she has given valuable guidance to second year students about student's character and their behavior in social life. Some questions are raised by students during discussion which are cleared by her. She emphasised on the issues of work valuation done by men and women in society and psychological, institutional and situational barriers confronting women in society. Hence change in attitude is required to bring a girl child.
- **Outcome of Activity:** Achieving gender equality in education means that boys and girls will have equal opportunities to realize their full human rights and contribute to and benefit from economic, social, cultural, and political development is a way of thinking that fosters respect and compassion for others regardless of these differences.
