Letter of Recommendation

I am very much pleased to recommend Shweta Sanjay Giri as a prospective student for the Master's program at your esteemed University. I have known her from Bachelor degree. Having taught her subject like Cloud computing and cyber security. I am fully convinced about her knowledge in the above-mentioned subjects. She is equally good in Practical. I found her an intelligent, hardworking student. She is very quick at learning new concepts.

Shweta is career-driven. She works hard to achieve her goals and is committed to her work. She is emotionally mature, confident, and good-natured. It's my pleasure to write a recommendation letter for her. Apart from Academics, she has been involved in various extra-curricular activities. I appreciate her excellent communication skills, enchanting leadership qualities, and the way she organizes technical meets and other extracurricular activities. As a student, she was dedicated to the assignments given to her and finished them on time.

I am strongly convinced that she is sufficiently prepared for her proposed studies and that she will make a significant contribution to your program. I strongly recommend she pursue admission at your university. I wish her all the best.
