b.2 Academic Audits for Timely and Effective Completion of Curriculum

Context:

IQAC contributes significantly in reviewing teaching learning process in the college. It helps to excel academic environment, timely completion of curriculum and also co-curricular and extra-curricular activities. IQAC has set up structural process to review teaching learning at periodic intervals. It includes two stage reviews: **weekly and Monthly Review of number of lectures, practicals conducted and % of syllabus completed.** Both these reviews are conducted at two different levels.

First weekly review is conducted at respective department level, by head of the department. It includes number of lectures and practical conducted by faculty during the week. Second review of the same is conducted at college level by IQAC Chairperson (Principal). Based on the review, the corresponding instructions are given to respective HOD for further action.

In a similar way, monthly review is conducted by IQAC at department and college level which comprises status of syllabus and practical completion. Based on this review, Mid Term Test/ End Term Test/Extra Lectures / Practical's are scheduled.

The details of activities related to this are summarized in table below:
