To address the need of inculcation of innovation and entrepreneurial culture in higher education institutions (HEIs), AICTE released Start up Policy document which has resulted into the comprehensive guide as **National Innovation Startup Policy (NISP)**. NISP as a guiding framework will enable the institutes to actively engage students, faculties and staff in innovation and entrepreneurship related activities. This NISP framework which will facilitate in bringing uniformity across HEIs in terms of Intellectual Property ownership management, technology licensing and institutional Startup policy, thus enabling creation of a robust innovation and Start up ecosystem across all HEIs.
