

Vision:

To enhance the employability of students and impart necessary skills to meet with the expectations of the Industry.

Mission:

- To assist students for identifying placement opportunities.
- To organize recruitment drives for our student with engineering industries within and outside campus.
- To explore the possibilities of employment in Product Engineering and Engineering Services Sector.
- To provide guidance, counseling and training to students.
- To bridge the gap between the job seekers and job providers
- To make college student employable in the relevant industry.

OBJECTIVES

- To create internship opportunities for students.
- To train and place the Engineering graduates in suitable jobs.
- To train the students to appear for the competitive examinations.
- Inviting adequate number of reputed companies for campus recruitment.
- To provide appropriate guidance for career planning.
